

Go's Birthday!

Chapter V - Happy Birthday Go!

Satoshi, Go, Pikachu and Raboot are walking back to Sakuragi Institute, they decided to stop earlier to buy some SUPER POTIONS and POKÉBALLS at the Pokémon Center because they used some SUPER POTIONS after the battle with Team Rocket and the gang always likes to be prepared for any situation with some extra items.

The sky of the port city is turning yellow and soon it will be night time, the boys and their Pokémon walk lazily on the streets as they chat a bit, the streets near Sakuragi Institute are very silent because the rest of the carnival parade are all reunited in the center of the city for the competition to see who is the best parade of Vermilion City.

The hot summer day of February is now getting a bit chiller like it always happens in summer as the night approaches, the breeze from the ocean brings a bit of cold but also makes the air more refreshing than other big cities, some of the lamplights of the streets, which are automated, are starting to lit a bit little by little to illuminate the night

- I want to take a hot bath when I get home! Says Satoshi as he walks lazily with Go who is even more out of energy than Satoshi from all the fun they had today.

Go feels a bit of rumbling from his stomach - Yeah! I'm starting to get hungry again too! Satoshi laughs and says - This is good! Because... He stops and just smiles to Go teasing what will be the last surprise of his birthday.

Pikachu with puppy eyes goes to Satoshi and cries - *Pika Pika!* Pikachu is exhausted and wants to Satoshi to carry him home, the Pokémon Trainer understands that and takes him to his arms,

Raboot looks very exhausted too, Go looks to him and asks gently for him to not feel embarrassed about Go treating him like a kid and now he is a more of a teenager phase if you can say that Pokémon have a teenager phase - Do you want to get into your Pokéball or do you want me to carry you Raboot?

The Fire Pokémon blushes a bit and hides his face, Go understands the feelings of his Pokémon, so he says encouraging his Pokémon - Don't give up Raboot! We're almost there! Raboot gives back a mischievous smile and feels reinvigorated to keep walking.

Since Raboot evolved him and Go are learning more about each other after an argument they had during his evolution, they are in better terms since they went to the Hoenn region to research about the migration of the Beautifly, Raboot felt that since he tried to learn the move EMBER as a Scorbunny that Go didn't trusted him enough or pushed him to become a stronger Pokémon.

Right now Go and Raboot are way better friends and are understanding each other better and this could have felt in today's battle that Raboot understood Go's commands and trusted him and Go trusted Raboot.

The friendship with Satoshi helped Go understand Pokémon not only by their names, moves, habitats and characteristics but as living beings that need to be bonded with, become friends and evolve together, Go thanked Satoshi's friendship in his heart.

Satoshi is carrying Pikachu on his arms as he relax, he thinks how much he is doing the opposite of Go who catches a lot of Pokémon and rotate them in battle and exploration, he is relying too much on Pikachu for all the battles and research missions, since he caught Dragonite and Gengar he hasn't caught any new Pokémon.

The boy looks determined to the sky and thinks to himself that if he wants to defeat Dande and protect the people he loves he needs to make a complete team of six Pokémon like he did in the past.

Go's more strategy and analytical view of Pokémon and life has helped Satoshi not only trust his instincts but also the causes and consequences of his actions so he

know thinks more before he leaps and this doesn't make him or his Pokémon weaker as he troughs, it actually made them stronger, Satoshi thinking of this gave a nice gentle push on Go shoulder's who doesn't know what Satoshi is thinking but he could felt what it meant as he smiled to him.

Without even noticing because Go, Satoshi, Pikachu and Raboot were lost in their thoughts they finally arrived at Sakuragi Institute, they opened the black gate and they climb the stone steps to reach the double wooden front door of the porch to enter in the institute.

- Go, are you with the key? Asks Satoshi as he takes his hands to both pockets and takes the bag out of his shoulder to see if he can find the key to enter the Institute.

The boy looks puzzled at Satoshi and says a bit intrigued - You're the one who took the key when we left and closed the doors of the institute Satoshi, but I'm going to see if I have a spare key.

They all look for the key to enter in the institute but they can't find it anywhere in their pockets or in their bags - I think I dropped it during the parade! Yells a frustrated Satoshi.

Go gives an awkward smile to him and says - Don't worry, we can enter the institute by the digital lock door in the Sakuragi Park using our fingerprints. Satoshi forgot about that and he jumps in the air happily - Yeah! I forgot about this, let's go!

Satoshi, Go, Pikachu and Raboot turn right and they walk to the big glass dome, Sakuragi Park which is localized in the backyard of the institute, sometimes they used that alternative way to enter the institute when Sakuragi was doing some big presentation on the laboratory or they just wanted see their Pokémon, the boys open the glass door, Satoshi enters first very fast and then Go enters the dome but he couldn't believe what happened next.

- Surprise! Happy Birthday Go! Yells energetically and happily his mother, Ms. Kurune, his father, Mr. Ikuo, Professor Ohkido, Satoshi's mother, Ms.Hanako, Sota, Koharu, Yoshino and Professor Sakuragi and even a lot of Pokémon joined to shout in their own way Happy Birthday to their Pokémon Trainer.

Go just stood there blushing and in shock that they all organized a surprise party for him, he couldn't even make a sentence out of his mouth, Satoshi then hugged his friend and yelled happily - They were all busy all day but the surprise was that they all would come back to your birthday bro!

- Professor Ohkido and Professor Sakuragi all helped to organize and do the car travels to bring everyone together! Says Go's mother as she approaches and gives a hug and a kiss on her son who blushes a lot.

- Go! I can't believe you met Red Movies Media! Says Go's father, a bit envious of his son's super luck to meet the big internet celebrities as he gives his son a hug and a kiss in his head.

Raboot and Pikachu, who knew about the surprise too, jump to Go and give him a hug - *Rab Rab!* Says Raboot giving him a warm hug and then going back to his aloof personality while Pikachu uses a THUNDERBOLT on Go because this is the highest level of greeting a Pikachu can give to someone, everyone laughs while Go is being electrocuted by Pikachu's move and the Electric mouse Pokémon cries - *Pikachu!*

Go falls on the ground and gets up removing a bit of soot from his face after the big THUNDERBOLT as everyone laughs by Pikachu over excitement to give Go a suitable Birthday greeting. Go says laughing and blushing a bit - Thanks Pikachu and Raboot!

A big table with white cloth over it is full of amazing food for the birthday party, all the food is Go's favorite like Brigadeiro, Curry, Juices, PokéSoda, Tomato Sauce Pasta and much more, a big chocolate carrot cake written Happy Birthday Go on it it's on the center of the table with Go's presents.

His father and mom bought a brand new sneaker for his adventure, Sakuragi, Koharu and Sota bought for him a pack of Pokémon Trading Card Games Pack of Cinderace and there was also more presents like books, t-shirts and even more one Nintendo eShop Gift Card.

- Happy Birthday Go! Says Professor Sakuragi drinking, as always, a big cup of coffee and giving a cheer for his Research Fellow, Yoshino joins her husband and gives a warm hug and kiss to Go's cheek - Happy Birthday Go! Koharu and Sota follows her and give a big hug to Go who blushes and it's holding a bit of tears because he is very emotional by how everyone is showing him they love him and they made time to celebrate his birthday with him.

Koharu smiles and pets Go's head - We wouldn't forget your birthday! Sota says giddily - Yeah! Koharu and Sota are the oldest friends of Go.

Hanako approached Go and gave him and Satoshi a huge hug and kissed both boys on their cheeks, for Hanako, Go is like a brother to her son and she loves how their friendship made Satoshi a better student at school and a bit less impulsive.

- Happy Birthday Go! Thanks for taking care of Satoshi. Hanako says making this time Satoshi blush a bit and he protests - Mom! It's not like that all the time!

Everyone laughs at what Satoshi said and the party starts, Go's Pokémon also join the party as they eat their Pokémon Foods and even show some of their moves to Hanako, Go's Father and Mom who never saw all the Pokémon Go cached.

Satoshi and Go, along with Pikachu and Raboot, start to talk with Professor Sakuragi, Yoshino, Koharu and Sota all about their adventures today, the battle with Team Rocket, having lunch at Le Curry, meeting the guys from Red Movies Media and even about their soccer match.

- Guys! Yells Go with his voice trembling a bit because there are a lot of people and feels a bit embarrassed by being pampered so much but he is loving his birthday party - Thanks to everyone for making my birthday the best birthday ever! I'm really grateful that everyone remembered my birthday and all the presents, attention and time you guys are giving to me.

The guests of Go's party all clap to his little speech and they start to party happily eating the food, chatting, playing with their Pokémon and having a lot of fun making this day not only special to Go but to everyone, precious memories they will remember forever as they take photos and videos to Pokégram.

- This is the best birthday party ever! Yells Go very happy as eat a bit of brigadeiro and pets Raboot head who looks at him and smiles genuinely happy and the Pokémon says - *Rab Raboot!*

Outside of the Sakuragi Park a black sports car parks with Maiku on the driving seat it with Jei on the right side seat and with Richi on the backseat sleeping because car rides make him feel sleepy, they arranged with Satoshi that they would make a surprise appearance in Go's birthday party because they also want to meet Go's dad because he is a huge fan of Red Movies Media.

- This is where they live huh! Says Jei a bit loudly looking through the window of the car, this wakes up Richi and he gives unconscious a kick to Maiku's seat while he takes the key of the car but it falls down and the key is lost inside the car.

Maiku gets surprised about Richi's kick and he yells- Richi! This makes him jump on his seat hitting his head on the roof the car making Jei get surprised too and he puts his hand on the cockpit of the car and by mistake press one of the buttons of the luxury sports car triggering the airbags making Maiku, Jei and Richi trapped in the car.

- What an awful feeling! Yells Richi, Maiku and Jei super frustrated trapped in the airbag trying to get out of the car.

Today Satoshi and Go have grown a bit alongside their Pokémon and they get closer to their respective dreams, not all days are about big adventures or Pokémon Battles, some days are all about having fun with your friends, family and enjoying life.

Will Red Media Movies be able to get out of the car and participate in Go's birthday?
Will Go's dad meet them?

What more adventures awaits Satoshi and Go and their Pokémon tomorrow?

THE END.
