

## **Satoshi and Go Vacation Adventure in Arceus Kingdom**

### **Chapter VI - Lunch.**

The glass and gold chandelier in the shape of a Mew illuminates the center of the Heroes and Heroines Banquet Hall, the gigantic restaurant of Arceus Kingdom, inside the Central Zone, the smell of the delicious gourmet food prepared by the finest cooks of the Pokémon world dances in the air at the big restaurant.

The hall is big and ample, the floor is made of a very light colored wood, the walls are made of wood and feature big photos of the resort, the far right side of the hall there is a big panorama window that takes the guests to an open garden with garden tables, some guests like to have lunch there, or after lunch, some like to enjoy a cup of coffee or ice desserts in the garden.

Tables are set for individuals, two people and families, the tablecloth of each table features a drawing of a Legendary or Mystique Pokémon, the table ware consists of spoons, knives, forks and a big cup in the images of Dialga or Palkia, the chairs are made of pure wood, big and very comfortable to sit, guests don't need to get up from their tables to ask or take food, the guests order what food they want from a magical tome at the guests table, this magical tome of course it's a very advanced tablet.

The menu is not just very extensive with more than two hundred options of food, drinks and desserts but it is also made with ingredients that Pokémon are able and allowed to eat so guests and their Pokémon can enjoy their meals together and even the same food.

The cast members of the resort are dressed in very fanciful waiter attires and they deliver the food directly from the restaurant, the guest can see how the food is prepared by the cast members and their Pokémon helpers through a glass window inside the hall.

The gang is already lunching, they asked Professor Sakuragi and Yoshino to join them but they said that the Galactic Exploration - Are Pokémon from the Moon? Workshop is very interesting but it's very long and they want to experience it all so they told the gang to have lunch on their own.

In a table for six, Satoshi, Go, Koharu, Sota, Pikachu and Scorbunny are having lunch, Go and Satoshi are eating a pasta dish with tomato sauce and carrots, Koharu is enjoying a eggplant stroganoff while Sota is having a feijoada, a very good dish, Pikachu and Scorbunny are also eating a dish of pasta with tomato sauce and carrots like their trainers.

- Scorbunny, this is really good! Says Go taking another fork full of pasta to his mouth, he never had such a good pasta in his life, he would never tell her, but it was better even than his mom pasta, Scorbunny is very happy that the carrots are perfectly cooked too.

- It's cool that our Pokémon can have the same as us! Says Satoshi helping Pikachu with his fork, he wasn't so accustomed to eating human food like Scorbunny.

The fair weather and the the gentle breeze make their outdoor lunch even better, Sota is drinking orange juice while Koharu drinks a strawberry milkshake, Satoshi and Go decided to have some PokéSoda because they are only allowed to drink soda during the weekend, the big surprise for both boys is that the PokéSoda of Arceus Kingdom is also for Pokémon.

Go takes the magical tome from the table and orders some Onigiris for him and Scorbunny, he gives the magical tome to Satoshi that decides to order some Lasagna for him and Pikachu, Koharu decides to order a vegetable curry while Sota goes for a slice of cheese pizza.

They don't have to wait much as two waiters deliver their food the table, the gang thanks the waiters as they get back to duty in the kitchen.

- Hmmm! Says Satoshi eating the lasagna with Pikachu, he loves lasagna.

- This curry is so full of flavors. Says Koharu taking a spoon of it, he did a very Professor Sakuragi motion as he observed the spoon. - You look like dad! Says Sota, the gang laughs at the witty observation of Sota.

The gang is greatly enjoying their meal when Koharu asks - Do you guys know about the Legend of the Shepherd?

- What is this? Says Satoshi taking a sip of PokéCola but taking a lot of attention to what Koharu said.

- It's the legend that inspired the company to build this resort. Says Koharu, the word legend caught the immediate attention of Satoshi and Go who even stopped eating, Pikachu and Scorbunny followed suit.

- A legend, this sounds interesting. Says Go cleaning his fingers of the rice from the onigiri to use his smartphone to search more about the legend. - You don't need to use your smartphone Go! I'm going to tell you all the story. Hearing this, the boy put his smartphone inside his Kigurumi pockets again.

- A long time ago, in the age of magic and dreams, the world had fallen to darkness when people forgot about Pokémon and they couldn't see them anymore, they were invisible, then, a young pure boy who was fascinated by the Arceus Record, a collection of stories about the creatures know as Pokémon embarked on a quest to see and discover the fabled creatures,

The boys hearing the story got so engrossed on it that they almost stopped breathing, Sota stopped eating his pizza too to enjoy how Koharu is telling the story, it remembered him of his mother telling stories, the girl then continued to tell the tale - The boy then went to Ecruteak City, but at the time, the city was known as Lake City, when he arrived there there was a huge festival to see who was able to pull a magic sword called Stargazer from a stone that the sword was sealed, the sword was created by the God Pokémon Arceus.

- That's amazing! Says Go jumping from the table almost flipping his plate of onigiri over the table.

- What an inspiration! Says Satoshi impressed by how that boy believed in the power of Pokémon.

Koharu then continued to tell the legend - Stories told that the person who could pull Stargazer would become the Shepherd, a powerful swordsmen who could even borrow power from Pokémon to himself, becoming one with the Pokémon, and embark on a magic quest to restore Pokémon to the world and defeat the darkness.

Pikachu and Scorbunny are also impressed by the story, they imagined themselves fusing with their Pokémon Trainers and being able to use powers that no one could ever dream of, if they could do that, it would bring not just power but a new level to their friendship.

Koharu then finished the story - The boy succeeded in restoring the world to light and along his journey he met a lot of Pokémon and friends and obtained a lot of mystical items that helped in his journey.

The boys smile happy hearing the happy ending of the story - This is like a video game story. Says Sota, impressed by how amazing the story is, Koharu laughs and says - This is why this is a legend, we don't know if this is true, there is no historical support for it.

- I guess! But remember, in the past, people thought that some Mystique and Legendary Pokemon were stuff of legends too. Replied Go, he really wanted to

believe in that story, it sounds amazing.

- This story made me even hungrier! I think I will order a Cheese and Broccoli Risotto. Says Satoshi already with the magical tome on his hand - We want some too! Says Go followed by Scorbunny also cheering for the food, in the end, Koharu also ordered her dessert, a banana split and Sota also went for a Banana Split.

The waiters arrive once again with their food and the gang digs in as they talk about the Arceus Kingdom resort.

- Where do you guys want to go next? Asks Koharu to finish her Banana Split.

Satoshi, Go, Scorbunny and Pikachu are still eating, Sota has already too finished his Banana Split, he is feeling a bit lazy after his large meal.

- I don't know! There are still some parts of the resort we haven't been to like to the Night Zone or Snow Zone. Says Go, he wasn't a big fan of snow, but he wanted to make a snowman because it is almost Christmas.

- Night Zone is like a horror game! Says Sota thinking about a video game that the older kids at his school like to play.

- I don't know, both places look cool! Says Satoshi finishing his Risotto with Pikachu at his side, Scorbunny and Go already had eaten their Risotto and are looking again at the magic tome to order more food.

The azure skies and the garden make the gang lose their sense of time, they have been lunching on the Heroes and Heroines Banquet Hall for one hour, this is the effect people call having a good time with the people we love, time passes and we don't even notice how much, this is why Yoshino and Professor Sakuragi wanted to bring the kids to the resort, those memories would eternally be in their hearts.

- First, I think I want to go to my room, because I want to leave my Sylveon plush there so I don't have to carry it all day. Says Koharu planning ahead - That's a good idea! Says Satoshi agreeing with her.

A waiter appears and serves Scorbunny and Go, a delicious Okonomiyaki, they both thank the waiter and already dig in the food.

- I'm already satisfied boys. Says Koharu followed by a Sota yawning - Me too sis!

- I think I will have some dessert! I hope they have Quindim. Says Satoshi checking the magical tome.

- Satoshi, this Okonomiyaki is really good, you have to try it! Says Go with his mouth full of okonomiyaki, Scorbunny is also eating it for the first time, Okonomiyaki is one of Go's favorite foods. Satoshi and Pikachu both look at the Okonomiyaki and order also for them alongside the Quindim.

- Go and Satoshi, I want to take a nap before we play more! Says Sota, feeling a bit

sleepy. - It's okay! We're having lunch yet, do you guys want to wait for us at our bedrooms? Asks Satoshi while the waiter serves him and Pikachu a plate of Okonomiyaki and one Quindim for each.

Koharu thinks Sota's idea is great, because her little brother is feeling very sleepy and she also wanted to organize her smartphone photos and comb her hair - Guys! Let's meet up in an hour at our bedrooms, is this okay? She asks the rest of the gang.

- Uh-um. Says Go succinctly while he eats the Okonomiyaki, Scorbunny already has finished his.

- Okay! So, we see you guys soon! Says Koharu and Sota getting up from the table and heading out, as Go is munching the food he waves his hand to Koharu and Sota  
- Okay! Rest well Sota! Says Satoshi.

The two boys finish eating their food, they really love the food of the resort - Hey Satoshi, do you want to go for some french fries? Asks Go checking the magical tome, his friend laughs at the question and then asks politely - Go, I don't know, don't you think we have enough already? This question, even being polite, made Go blush because he knew he was eating a lot of food.

- I'm still hungry and you guys eat a lot too... Says Go sheepish about his appetite, he orders portions for him and Scorbunny of french fries, a vanilla ice cream and more one PokéSoda, the waiter gives what he ordered and Go and Scorbunny thank him.

- Don't worry! It's good to eat a lot, we burn a lot of energy, but if we eat too much we can't enjoy the resort because we will be too stuffed. Says Satoshi, acting like Go's Pokémon Mentor, he said that in a very caring way to his best friend.

Go smiles and says - Yes, you're right Satoshi! Thanks for worrying about me, after this I'm going only to have dessert and a cup of water then we leave. Says him understanding that his friend is worried that if he eats a lot he will get sick, he always did the same for his friend because Satoshi appetite is even bigger than Go and sometimes he worried too that his friend would get sick, but this time, he was thankful that it was Satoshi who is worried about him eating too much.

- I will go for another PokéSoda too while you finish your lunch! Do you want one too? Pikachu? Pikachu nods positively.

Go and Scorbunny finish their meal and a new pair of waiters appear delivering the PokéSoda for Satoshi and Pikachu, this time is a blue haired man with a mustache and a dark pink haired woman in a beautiful eastern dress hiding almost her entire face.

- Heroes do like to eat huh! Says the blue haired man giving Satoshi and Pikachu the PokéSoda.

- That's true, we need a lot of energy for our adventures, thanks for calling us

heroes! We're just Pokémon Trainers. Says Satoshi, humbled by the commentary of the cast member.

- Don't be shy, oh, don't you guys want to try our delicious fruit curry? I bet you guys will love! Asks the woman, both boys and Pokémon look at each other, tempted to answer yes to her question, Satoshi then says - Just a very small portion for me and Pikachu. Says Satoshi, Pikachu smiled because he loves curry and fruit curry sounds very interesting.

- For me too! Says Go and Scorbunny because this offer was too good to refuse.

- Okay! We're going back in a minute heroes. Says the woman as she leaves with the man, they soon get back with their Fruits Curry plate, the boys and their Pokémon thank the kindness of the man and the woman.

They both start to dig in with their Pokémon - I think it would be good for this spicy food to drink something very refreshing like a milkshake! Says the pink haired woman, both boys stop eating and look at each other while their Pokémon eat the Curry.

- I'm going for a water bottle, thanks for the suggestion though! Says Satoshi while Go replies - Can we have two Carrot Milkshakes? Asks the boy, Scorbunny just pat his belly happy because he loves Carrot Milkshakes.

- Nice idea my young hero! Says the blue haired mustached man. - A very good idea, we're going to prepare your milkshakes my young heroes. Says the woman as they leave the table back to the restaurant leaving Satoshi, Go, Pikachu and Scorbunny by themselves.

- Didn't you say you were going just for dessert then a bottle of water? Asks Satoshi, laughing a bit at his friend's appetite, him and Pikachu are done for eating at least until dinner, Go blushes and replies - They are being very polite and I didn't want to recuse, this is just me being polite. Says him not trying to look into Satoshi face because he is clearly laughing at him.

- We're back! Says the pink haired woman in a whimsical tone bringing two carrot milkshakes for Go and Scorbunny. - Thanks, I think we're...says Go being interrupted by the blue haired man - Whoa, now I remembered, seeing your Scorbunny, it's not a very common Pokémon and it's super rare in the Johto region, you must be a very good Pokémon Trainer! Says the blue haired man clapping at Go.

- Thanks! I caught it in Galar and I still have a lot of way to go to become a better Pokémon Trainer. Says Go being humble, the pink haired woman says - Don't worry, I think you are already an amazing Pokémon Trainer, and you know what a Pokémon Trainer who partners is a Scorbunny needs? A carrot chocolate cake!.

Scorbunny claps his hand very happily because he loves carrots and a carrot chocolate cake is his favorite dessert, Go look at Scorbunny happy and says - Oh, just a very tiny slice for him, okay? Says Go already feeling very stuffed from all the

food, Satoshi is looking at Go and Scorbunny silently thinking about something.

- A small slice of carrot chocolate cake coming for our great heroes! Says the pink haired woman leaving the table accompanied by the blue haired waiter.

Satoshi looks at the big stuffed belly of Scorbunny and gives a pat to Go's shoulders and whispers to his ear - Go, don't you think Scorbunny already ate enough? He looks very stuffed. He says trying his best to not harm his friend's feeling.

- Satoshi, if Scorbunny wants to eat he knows his limits, stop trying to spoil his fun. Says Go a bit annoyed by how his friend kept commenting about him and Scorbunny food, Satoshi understanding that his friend is a bit annoyed replies - Okay, I just want you guys to not get sick.

Go and Scorbunny finish their milkshakes when a big plate of chocolate carrot cake is put on the table, the duo who have been attending them smile, it's not a tiny slice, it's an entire small cake, it's very beautiful orange dough and the chocolate shines.

- It looks beautiful! Says Go, admired by how beautiful the cake looks - Yeah! Says Satoshi as he gives a better look at the waiters, he thinks he recognizes their eyes from somewhere but he can't remember - Thank you my young heroes! A Pokémon Trainer always eats well in their journeys, I believe a smart boy like you knows that! Says the blue haired man, Scorbunny doesn't even hesitate and already begs to Go for him to cut a slice for him, he promptly cuts the slice and gives it to his Pokémon.

- Thanks! I like to be smart. Says Go feeling proud of the compliments he is receiving.

The pink haired woman gallantly speaks - I know you are a very smart boy because you have a rare Pokémon, a Scorbunny, also, I have seen how good you are at video games at Arcade Zone, how brave you were at the Lugia's Adventure and if I dare say, you look like the legendary hero of Arceus Kingdom.

Go just smiles and pushes Scorbunny to his side, he is very happy by the compliments - Do you think so? I look like a hero? Says the boy with his eyes shining.

- You are definitively a hero! A smart boy who loves to eat and face the darkness of the world. Says the blue haired man. - You're a very nice guy Go! Says Satoshi complimenting his friend too, he liked that they are giving a lot of encouragement to Go, but they seemed to try too much to please, the other cast members of the resort didn't act like that, it's a bit creepy.

Go is so carried by the nice compliments and says - Can I have some Brigadeiro? Asks Go making Pikachu and Scorbunny cheer to the idea swallowed by the good mood, Satoshi gives Go and Pikachu a dirty eye because he knows his friend and Scorbunny are going to get sick because they are eating too much.

- Do you want something too? Asks the blue haired waiter for Satoshi who replies politely but firm - No, thanks, we're satisfied! - Suit yourself. Says the blue haired

waiter in a condescending way.

- We're back in a bit with your Brigadeiro young heroes! Says the pink haired waitress leaving with her waiter friend while Go and Scorbunny eat the chocolate carrot cake.

- Go, can we go? Asks Satoshi in a very serious tone, he is getting annoyed by his friend overeating and those crazy people at the restaurant who keep giving them food, also, if they spend more time on the restaurant they are going to get late to meet Koharu and Sota in their rooms.

- I think Pikachu wants to eat a bit of cake too! Says Go with his mouth full of cake, he didn't notice, but a bit of chocolate is spayed on the left part of his mouth and a bit on his nose.

Scorbunny is just looking at his slice so stuffed he can't take more than one bite of it, Satoshi notices that and replies to Go's suggestion - Pikachu, if you eat like them, you're going to get sick. Says Satoshi seriously, Pikachu nods his head positively respecting his trainer's opinion and following it, the tone of the voice of Satoshi makes Go a bit angry and he responds annoyed - You really are spoiling his fun, relax a bit!.

- Ohhhh, young heroes! Says the blue haired man in a singing tone with a plate full of Brigadeiro putting on the table in which Scorbunny and Go eyes shine to it, Satoshi looks indifferent to the Brigadeiro while Pikachu wants to eat, but he is going to follow Satoshi advice of not eating anymore.

- Thanks a bunch! Says Go giving a Brigadeiro to Scorbunny and throwing two at his own mouth..

- Can I bring anything more? Asks the pink haired waitress - No thanks! We're leaving. Answers Satoshi very fast and really annoyed, he has a very strong feeling now that he knew those guys from some other place. - If you need something, more food, a dessert or even a refreshment, call us young heroes! The waiter and the waitress say in unison doing a farewell theatrical pose and leave the boys and their Pokémon finally alone.

- Uh-hum, I might ask for a PokéSoda. Says Go with his mouth full of Brigadeiro while Scorbunny forced himself to eat the last Brigadeiro chocolate ball..

That is the last straw, Satoshi crosses his arms annoyed hearing what Go said and just says out loud and in a mocking tone - Why don't you just ask them to bring the whole kitchen already Go?

Go just look at Satoshi with his mouth full of Brigadeiro, he just looks at him without speaking a word but his face expresses anger and sadness at the same time, he really was angry and sad by what his friend said, he was mocking him and Scorbunny, Pikachu feel just sad hearing what Satoshi said.

- Go, I didn't mean to say that, I just...Says Satoshi feeling guilty but Go just looks at

him with sadness in his eyes, Satoshi then says - I'm going meet Koharu and Sota back, we talk later, I'm sorry for what I said, I'm going to leave you and Scorbunny alone. Apologies Satoshi, he gets up from the chair as Pikachu climbs to his right shoulder and they leave the table leaving Go and Scorbunny alone.

The boy looks at Scorbunny and they both feel sad, they got hurt by what Satoshi said, Go finalizes notices that his mouth and nose are a bit covered with chocolate when he looks at the empty silver plate of Brigadeiro, he takes a napkin and cleans his face, he looks to Scorbunny and cleans the face of his Pokémon that was also covered a bit in chocolate.

- Your friend left you, young hero? Asks the blue haired mustached man with his waitress friend by his side, they are looking sad too.

- Uh-um. Says Go sheepish and thinking that maybe he is being greedy and eating too much, he is also already feeling some stomachaches and by the look of Scorbunny face he is also feeling too.

- This always happens when a friend gets jealous. Says the blue haired man in a sad tone.

- Jealous? Asks Go confused by what the waiter said.

- Oh! This is a tale as old as time, when a friend starts to get compliments, makes a lot of money or just becomes a Pokémon Champion, the friend who isn't jealous. Says the pink haired woman sneakily putting at the table two PokéSoda cans.

- So Satoshi is jealous of me and Scorbunny because we're getting compliments? Asks Go taking a sip of the PokéSoda, it was very comforting to him, Scorbunny is also drinking and feeling a bit better after the argument between Satoshi and Go.

- Yes! This is it! He thinks that you will become a Pokémon Master and surpass him! You are capturing more Pokémon and you are also much more strong and smart than him! Says the blue haired man clapping at Go and Scorbunny.

- Yeah! I'm smart, strong and I'm going to be a Pokémon Master! Says Go who is happy finishing his PokéSoda, Scorbunny is not able to finish it and he is burping a bit of eating so much.

Scorbunny is resting his paws over his big stuffed white belly, he is looking at Go finishing his PokéSoda and burps - *BURP!* Says Scorbunny while he massages a bit of his belly trying to make himself a bit more comfortable with the overeating, the waiters notice that.

The blue haired waiter and the pink haired waitress just start to pet and scratch Scorbunny's head, ears and even his feet, the Scorbunny blushes and smiles liking the caress he is receiving. - This Scorbunny is so well fed and treated so well! That's why he is a very strong Pokémon! Says the pink haired waitress - Bun Bun! Scorbunny also agrees with them.

- Thanks! I love my Scorbunny. Says Go feeling proud of how he is treating his Pokémon, the duo continues to pamper the Scorbunny who is just blushing and enjoying being treated so well by the waiter and the waitress. - His white fur is so fluffy! Says the blue haired and the pink haired waitress praises even more Scorbunny - Look at those strong arms of him!

They both keep praising Scorbunny while Go finishes the PokéSoda that Scorbunny didn't want to drink, after he finishes the PokéSoda the duo gets back to him - You're the best! Says the blue haired man - You're number one! Says the pink haired woman.

Go is feeling overjoyed by the compliments - Yeah! I'm going to be a Pokémon Master, defeat Satoshi at the finals of Pokémon World Championship and tell him to apologize to me for being jealous of how great I'm. Says Go boosting, Scorbunny is confused by what Go is talking about. He didn't seem to be the nice boy that it's his trainer.

- You know, we have a secret to tell you about Arceus Kingdom, we are only going to tell you because you are the only kid who we ever met that is a true hero. Says the pink haired woman removing some tears from his eyes, she is impressed and touched by how Go is humble, polite and selfless.

- A secret? Asks Go very curious.

- There is a Magical Lamp hidden in the Haunted Mansion at Night Zone but only a diamond in the rough, one whose worth lies far within can use this Magical Lamp. Says the blue haired man in a fairy tale voice, the pink haired woman continues the story - If you rub the lamp, all of your dreams will come true.

- All my dreams? Says Go with his eyes shining thinking about the endless possibilities of his dreams.

Go imagined himself and Scorbunny giving an interview at the hottest talk show of Kanto, Chatting with Mr.B, the studio is packed to watch his interview with the famous Mr.B and all lights are on Go and Scorbunny, the duo is sitting at a black couch while Mr.B is sitting on a black chair behind a big brown table.

Mr.B is a big personality on Kanto, he is an older aged man who dresses in a sharp black suit, he once was even a game show host, not only he is very politically active on talking a lot about important subjects like diversity, inclusion, environment protection but he is also a huge fan of Pokémon and on top of that a very funny talk show host.

Go is a big fan of Mr.B and his father and mother approve of him watching this TV not only because themselves are fans but also the show introduces to him a lot of very important subjects that shape the world nowadays, he always likes to make some popcorn and watch it with Scorbunny, because it's a late night TV show, sometimes he goes to bed before watching it and watches the show next day.

- So Go, not only did you manage to capture all the Pokémon types of the world, including the Legendary Mew but you're also a Pokémon Master who defeated that,

sorry to say that about your old friend, jealous boy at the end of the Pokémon World Championship? Asks Mr.B polite.

- Oh yes, that was a piece of cake! Says Go giving a fist bump to Scorbunny who jumps in excitement in his seat, after the boy's reply the studio booms an echoing cries of encouragement and claps moved by Go and Scorbunny answer.

- Sure it is! Oh, by the way, this is a Nintendo Switch in your hand? Asks Mr.B taking a sip of his coffee cup - I wish I had one but they are out of stock, maybe I should have been a better boy for Santa Claus to give me a Switch. Says Mr.B and the audience laughs at his joke.

The studio cheers in preparation for Go replies - Yeah, it's a Coral one, I got from Christmas. Says Go not making a huge deal about having a Switch, the audience explodes in a burst of clapping, whistles and cheers.

- We always wanted to ask your secret, how did you manage to be the best? Asks Mr.B as he moves forward to his interviewee.

Go closes his eyes and after a bit of thinking says - You gotta work hard and be a good person. Says him sounding very profound and wise, his reply makes the audience explode in another cheer of claps, whistles and cheers, even some girls crying his love for him and Scorbunny.

Mr.B gets up from his chair and yells - That's it! This is Go and his Scorbunny the greatest Pokémon Trainer and Pokémon from the whole world!

- Boy? Young Hero? Boy? Says the pink haired woman waving her hand in front of Go's eyes, the boy is complete lost in his fantasies and dreams, Scorbunny is laughing at Go because his daydreaming face is very dumb, Go snaps out of it and says - Oh, that's right, the Magical Lamp!

- Yes! You and your Scorbunny need to embark on this magical quest to find it. Says the pink haired woman glad that the boy is now paying attention to her and the blue haired mustached man.

- Okay, so I just need to enter that Haunted Mansion, take the Magic Lamp and rub it? Asks go remembering all the steps for him and Scorbunny to make all their dreams reality.

- Simple as that! Says the mustached man. - Yes! Because you and your Pokémon are pure, you will be able to do it! Adds the pink haired woman.

- Guys, thanks a lot for telling me about the Magical Lamp, you're my best friends! Yells Go very happy to have met those two cast members, Scorbunny also cheers for them as they both, feeling very heavy from all over the eating, push themselves out of the table, Go and Scorbunny are both sporting stuffed bellies, feeling some stomachaches, walking slower and lazier than usual.

Go and Scorbunny hugs the blue haired man and the pink haired woman, the duo of

waiters blush feeling loved by the boy and his Scorbunny - We thank you for being such a good boy! Says the pink haired woman hugging the overfed boy while the blue haired man says - Of course, our little Scorbunny is also a very good Pokémon too!

After finishing their hug, the boy looks at Scorbunny and smiles - Let's go Scorbunny! Let's take this Magical Lamp! Yells enthusiastically as they both leave the restaurant waving at them - We will never forget your kindness and thanks a lot! Yells Go while he finally leaves the restaurant with Scorbunny.

The waiter and waitress watch as the Go and Scorbunny leave the restaurant, they give each other an evil eye and burst out laughing falling to the ground of the garden, the blue haired man takes his turban and mustache revealing to be Kojiro and the pink haired woman removes the upper part of the eastern garment revealing to be Musashi.

Arnozobo's bullying plan to obtain a great source of darkness is working like a charm.
