

BARKADEFURS COVID-19 SAFETY MANAGEMENT PLAN

FOR SATURDAY 14TH AUGUST 2021 EVENT

Hello all,

Thank you for supporting Barkade. We would also like to thank those who have raised questions and concerns about how we will be running our event during these uncertain times. Your safety and wellbeing are important to us, and as a result, we have created this guide to be more transparent about our processes and provide greater reassurance for attendees.

COVID-19 SAFETY ENTRY CHECKS

In this section, we will list the following documents and items required for entry. Different areas will apply, dependent on vaccination status and country of origin. Requirements and links have been provided below.

All cases

- Use NHS COVID-19 app to scan QR code on entry - Please download from the app store. More info can be found here <https://covid19.nhs.uk/>.
- Temperature checks will be taken.
- Wear mask on entry, and please keep wearing it where possible.

COVID vaccination and test requirements

- You must have at least one COVID vaccination to enter.
- If you are required to take a lateral flow test or PCR test, please take them before the event. We will not be supplying them on site.

Order lateral flow test: <https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests>

Queue management

To help us manage expected longer queues as we conduct more stringent checks, we will be split these into two groups:

- **Group 1 - COVID pass users via NHS app** - Getting the app makes checking more centralised and easier, and this will help us get you in quicker. Find out here how to get the COVID pass: <https://www.nhs.uk/conditions/coronavirus-covid-19/covid-pass/>
- **Group 2** - non app checks e.g. paper documents
