JOIN THE BATTLE AND PLAY IN THE #FREEFORTNITE CUP ON AUGUST 23

8.20.2020

By The Fortnite Team

These are the final days of the entire Fortnite community's ability to play together. [Apple has blocked Fortnite from the App Store](#)

(<https://www.epicgames.com/fortnite/news/freefortnite>), preventing players from updating to new versions. Players on iOS devices will be left behind on Chapter 2 - Season 3 while everyone else jumps into the Chapter 2 - Season 4 launch on August 27.

Celebrate the quest for one more Victory Royale with friends across *all platforms* in the

#FreeFortnite Cup this Sunday, August 23. Drop in for an opportunity to win more prizes than ever before including the new Tart Tycoon Outfit, gaming hardware, and exclusive apparel.

If you're left behind on iOS after the Chapter 2 - Season 4 launch, the party continues on PlayStation 4, Xbox One, Nintendo Switch, PC, Mac, GeForce Now, and through both the Epic Games App at [epicgames.com](https://www.epicgames.com/fornite/mobile/android/get-started) (<https://www.epicgames.com/fornite/mobile/android/get-started>) and the [Samsung Galaxy Store](https://apps.samsung.com/appquery/appDetail.as?appId=com.epicgames.portal) (<https://apps.samsung.com/appquery/appDetail.as?appId=com.epicgames.portal>). STEPS TO STAY CONNECTED

Do you only play Fortnite on mobile and are worried about not being able to play Chapter 2 - Season 4? Here's a couple things you can do:

1. Login to [epicgames.com](https://www.epicgames.com/id/) (<https://www.epicgames.com/id/>) and make sure your account details are up to date in case you need to migrate platforms. All your game data, purchased items, and friends are stored in your Epic account and can be accessed from any device that can play Fortnite.
2. iOS players should check [this list of alternative Fortnite-compatible devices](#) (<https://www.epicgames.com/help/fortnite-c75/technical-support-c118/what-platforms-or-devices-are-compatible-with-fortnite-a6693>), you may already have access to another way to play Fortnite. If so, simply install the game and login with your Epic account to get up and running.
3. Android players, you can still play Fortnite on your device! Please [visit this link on your Android phone](#) (<https://www.epicgames.com/fortnite/en-US/mobile/android/get-started>) to learn how. It's easy and only takes a few minutes.
4. Frustrated because you're blocked on iOS? Make your voice heard by messaging [@AppStore](#) (<https://twitter.com/appstore>) on social with #FreeFortnite.

To ALL of our Fortnite players: thank you for your support and for blazing the trail with us on cross-play across console, Mobile, PC and Mac. We look forward to the day when everyone can squad up with all their friends again. Good luck in the #FreeFortnite Cup!
